PROFESSIONAL SUMMARY

Highly motivated and detail-oriented **Frontend Developer** with practical experience in building modern, scalable web applications. Proficient in the core technologies of the modern web stack, including **React.js, Next.js, and TypeScript**. Seeking a challenging role to leverage expertise in frontend development while expanding skills in backend technologies.

KEY ACHIEVEMENTS

- Built and deployed 25+ production-grade web applications used by real customers.
 - Developed a complete Restaurant ERP and Bus Seat Booking system as a solo developer.
 - Published a VS Code Extension and an NPM package used by other developers.
 - Delivered reusable UI systems using Tailwind CSS, Shadcn/UI, and MUI.
-

TECHNICAL SKILLS

Frontend Frameworks/Libraries: React.js, Next.js, Redux, Redux Toolkit

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3

Styling/UI: Tailwind CSS, Shadcn/UI, Material UI (MUI)

Databases: SQL (Working Knowledge), MongoDB

Backend (Learning): Node.js, Express.js

Tools & Version Control: Git, GitHub, VS Code, Figma, Vercel, Netlify.

Engineering Practices: RESTful API integration, Reusable Component Architecture, State Management Patterns, Responsive Design, Performance Optimization, Clean Code

PROFESSIONAL EXPERIENCE

Frontend Developer

Classic IT & Sky Mart Ltd | *Dhaka, Bangladesh June 2025 – Present*

- **Developed and maintained** scalable frontend applications using **React.js, Next.js, and TypeScript**.
- **Implemented** Redux-based state management to ensure predictable and efficient application state flow.
- **Integrated** complex REST APIs and the Google Maps API to fetch and display dynamic, location-based data.
- **Engineered** reusable, modular UI components utilizing **Tailwind CSS, shadcn/ui, and Material UI**, accelerating development time and ensuring design consistency.
- **Contributed** to the development of critical **SaaS Restaurant and ERP-based systems**.

Frontend Intern

Solvrrz | *Dhaka, Bangladesh 1.5 Months*

- **Assisted** in the development and styling of React/ Next.js based UI components.
- **Gained** practical experience in professional software development workflows and team collaboration.

SELECTED PROJECTS

Restaurant ERP System – Classic Restaurant (Solo)

- Designed and developed a full ERP system for restaurant operations including order management, admin dashboard, and role-based access.
- Implemented modern UI with Next.js, Tailwind CSS, Redux, and GSAP animations.
